Los Angeles, CA 90095

Objective

Seeking a research position to explore and gain experience in the field of Chemical Engineering

Education

Point Grey Secondary School, Graduated in June 2013

University of California, Los Angeles
B.S. in Chemical Engineering, expected June 2017
GPA as of Summer 2014: 3.95

Coursework to be Completed by August 2014: Introduction to Chemical and Biomolecular Engineering, Chemical Structure, Chemical Energetics and Change, Organic Chemistry I: Structure and Reactivity, General Chemistry Laboratory, Calculus of Single and Several Variables, Physics: Mechanics, Oscillations, Waves, Electric/Magnetic Fields, Electrodynamics, Optics, and Special Relativity, Physics Laboratory: Mechanics, English Composition, Jazz in American Culture

Experience

UCLA Electrical Engineering Department

Dr. Ozcan Research Group Member

April 2014--Present

Work on surface enhanced fluorescence with gold and silver nanoparticles to examine the changes of fluorescence and absorbance.

American Institute of Chemical Engineers

Internal Affairs Committee Member

October 2013--Present

Organize and plan internal social, professional, and academic events hosted by the American Institute of Chemical Engineers Chapter at UCLA.

UCLA Recreation Department

Lifeguard

September 2013—June 2014

In charge of the safety at UCLA pools. Able to save drowning victims, provide first aid, and protect the environment.

High School Swimming

Point Grey Secondary School Swim Team Captain

2013

Organize the school swim team. Teach the team members swimming and train them for swimming competitions.

Award

Chemical Institute of Canada Special Merit Award	2013
Point Grey Secondary Principal's List Distinction	2013
Vancouver School Board International Education Board Award	2013
AP Scholar with Distinction	2013

Membership

American Institute of Chemical Engineers
Alpha Lambda Delta Honor Society
